

## Viatriis Named to Forbes' Annual List of the World's Best Employers for the Second Year in a Row

October 11, 2022

*Company rises to the top 10% of the 800 global employers included on the list*

PITTSBURGH, Oct. 11, 2022 /PRNewswire/ -- [Viatriis Inc.](#) (NASDAQ: VTRS), a global pharmaceutical company, today announced that it has been named to **Forbes'** list of [World's Best Employers 2022](#). Viatriis has received this recognition in each of its first two years since launching in 2020 as a new company. For 2022, Viatriis is ranked in the top 10% of the 800 global employers who made the list. This recognition is presented by **Forbes** and Statista, the world-leading statistics portal and industry ranking provider.

"As a champion of providing access to sustainable and high-quality healthcare, we are pleased to be recognized again by Forbes as one of the World's Best Employers," said [Michael Goettler](#), Chief Executive Officer, Viatriis. "This recognition is a direct testament to the work of our 37,000 colleagues across the globe who are united by a passion for our mission to empower people worldwide to live healthier at every stage of life. Their efforts drive the performance-driven, highly engaging, and inclusive culture that allows us to make a positive impact on peoples' lives and meaningful contributions in the world."

The World's Best Employers 2022 title is intended to reinforce companies that provide excellent employment opportunities at the local and international level. To determine the 2022 ranking, Statista surveyed 150,000 full-time and part-time workers from 57 countries working for multinational companies and institutions. All the surveys were anonymous, allowing participants to share their opinions openly. The respondents were asked to rate their willingness to recommend their own employers to friends and family and were also asked to evaluate other employers in their respective industries that stood out either positively or negatively. Participants were asked to rate the companies on aspects such as economic impact and image, talent development, gender equality, and social responsibility.

"This recognition is validation of the significant actions we continue to make to cultivate a strong, inclusive, and diverse culture to support our employees around the world," said Andrew Enrietti, Chief Human Relations Officer, Viatriis. "We know that what makes us special and successful is that we work together, *all of us* at Viatriis. We are building a strong culture —The Viatriis Way — and we remain steadfast in our commitment to provide engaging and rewarding opportunities for our colleagues to continue to achieve, learn, grow, belong and connect."

Since the launch of Viatriis in November 2020, the company has taken great strides to create an employee experience and culture where colleagues are encouraged to reach their full potential. Being named to **Forbes'** list of World's Best Employers 2022 follows previous accolades for Viatriis, comprising inclusion on **Fortune's** Change the World list, **Newsweek's** America's Most Responsible Companies, a **Great Place to Work**® certification in India, **Capital Magazine's** Best Employers in France list, **HR Asia's** Best Companies to Work for in Asia (Taiwan) ranking and **Top Employers**

**Institute**, a global authority on excellence in HR practices, certifying Viatriis as one of the 101 top employers in China, among others.
