## Viatis Reports Strong Third Quarter Results, Raises 2021 Financial Guidance and Announces Virtual Investor Event on January 7, 2022

### Board of Directors Declares Quarterly Dividend of Eleven Cents (\$0.11) per Share

PITTSBURGH – November 8, 2021

- Reports Third Quarter 2021 Financial Results: Total Revenues of \$4.54 billion; U.S. GAAP Net Earnings of \$312 million; Adjusted EBITDA of \$1.70 billion; U.S. GAAP Net Cash Provided by Operating Activities of \$1.09 billion; and Free Cash Flow of \$965 million
- Raises 2021 Financial Guidance <sup>(1)</sup>: Total Revenues Guidance Range to \$17.70 billion to \$17.90 billion, from \$17.50 billion to \$17.90 billion; Adjusted EBITDA Guidance Range to \$6.30 billion to \$6.50 billion, from \$6.15 billion to \$6.45 billion; and Free Cash Flow Guidance Range to \$2.40 billion to \$2.60 billion, from \$2.20 billion to \$2.40 billion
- Returned \$266 million to shareholders year to date via dividend payments; Announces Board of Directors Declares 3<sup>rd</sup> Quarterly Dividend of Eleven Cents (\$0.11) per Share
- Paid Down \$1.9 billion of Debt in First Three Quarters of 2021
- Announces Virtual Investor Event to Take Place January 7, 2022 to Discuss More Details of Company's Two-Phased Strategic Roadmap

(1) *Viatis is not providing forward-looking guidance for U.S. GAAP net earnings (loss) or a quantitative reconciliation of its 2021 adjusted EBITDA guidance. U.S. GAAP net cash provided by operating activities for 2021 is estimated to be between \$2.90 billion and \$3.10 billion. Please see "Updated 2021 Financial Guidance" and "Non-GAAP Financial Measures" for additional information.*

Viatis Inc. (NASDAQ: VTRS) today reported strong results for the third quarter of 2021, highlighted by robust cash flow generation.

Viatis also announced that its Board of Directors declared a quarterly dividend of eleven cents (\$0.11) for each issued and outstanding share of the company's common stock. The dividend is payable on December 16, 2021 to shareholders of record at the close of business on November 23, 2021.

### Executive Comments

Viatis Chief Executive Officer Michael Goettler said: "Nearly one year after launching our new company, I could not be prouder of all that we have accomplished together. Our continued strong operational performance for three consecutive quarters has allowed us to continue to deliver on our financial commitments and, based on the strength of our results, we are again raising our full-year financial guidance for 2021.

Goettler continued, "We are near completion of a rigorous bottoms-up strategic planning effort and look forward to sharing these plans with the investment community at a virtual Investor Event now scheduled for the morning of January 7, 2022. On that day we will provide additional detail on our two-phased strategic roadmap, including:

- "For the rest of phase one, that's 2022 and 2023, we will be providing specific financial guidance, targets and metrics to complete this phase. We will also be discussing the substantial cash flows that will be generated over this period in order to satisfy our phase one capital allocation priorities of returning capital to shareholders and of repaying \$6.5 billion of debt.

- “For phase two, 2024 and beyond, we will be providing an overview of the catalysts that we expect will drive future growth including laying out our capital allocation priorities for this phase in order to maximize and further unlock shareholder value during this period. We will also be giving specific details of our own organic opportunities by discussing our own pipeline at length and will be providing the inorganic business development priorities that we will be focusing on through our Global Healthcare Gateway®.”

Viartis President Rajiv Malik said, “We are excited to host our upcoming Investor Event and provide a comprehensive review of the significant value and depth of our own pipeline and clinical programs, including biosimilars, complex generics and novel medicines that we have been building strategically over many years. Once laid out, we believe it will be recognized as one of Viartis’ most underappreciated assets, which we expect will enable us to continue to deliver value, especially after synergies roll off at the end of 2023, while continuing to bring access and address patient needs.”

Viartis Chief Financial Officer Sanjeev Narula said, “We are pleased with our ongoing strong execution and operational momentum, which allow us to raise our total revenues, adjusted EBITDA and free cash flow guidance ranges for the year. We continue to deliver on our financial commitments, including our ability to generate substantial cash flows. During the quarter, we generated \$965 million of free cash flow, driven by strong underlying business performance and cash flow optimization initiatives, which we believe will not only benefit us in 2022 and beyond, but also create an even stronger balance sheet providing more financial flexibility as we move forward.”

## Financial Summary

<sup>(1)</sup> Q3 2020 and YTD 2020 represent Mylan standalone results for the respective 2020 periods. Mylan was the accounting acquiror in the combination of Mylan N.V. with Pfizer Inc.'s Upjohn business and therefore the historical financial statements of Mylan for periods prior to the combination are considered to be the historical financial statements of Viatrix.

<sup>(2)</sup> Represents operational change for net sales. See "Certain Key Terms" in this release for more information.

<sup>(3)</sup> See "Certain Key Terms" for more information about Combined Adjusted Q3 and YTD 2020 results and Combined LOE Adjusted Q3 and YTD 2020 results.

<sup>(4)</sup> Non-GAAP financial measures. See "Non-GAAP Financial Measures" for additional information.

### Third Quarter Highlights

- Third quarter 2021 net sales totaled \$4.52 billion, down 4% on an operational basis compared to combined adjusted Q3 2020 results, but down only 1% on an operational basis compared to combined LOE adjusted Q3 2020 results, driven by solid performance across all four of our segments—Developed Markets, Emerging Markets, JANZ, and Greater China.
- Brands performed better than expectations, driven by products such as Lipitor®, Influvac®, Viagra®, and EpiPen®.
- Complex generics and biosimilars performed in line with expectations, with 14% sales growth in Biosimilars offset by anticipated competition in select complex generics products.
- Generics, which include diversified product forms such as extended-release oral solids, injectables, transdermals and topicals, performed in line with expectations, driven primarily by favorability from partial COVID-19 recovery and related products, offset by anticipated competition.
- The Company generated \$158 million in new product revenues (as defined in "Certain Key Terms" below) in the third quarter (\$557 million for the year to date period), and is on track to meet approximately \$690 million in new product revenues in 2021.
- The Company generated \$965 million of free cash flow in the third quarter (\$2.23 billion for the year to date period), primarily driven by solid U.S. GAAP net cash provided by operating activities of \$1.09 billion in the quarter (\$2.49 billion for the year to date period).
- Continued solid progress in advancing key pipeline programs for biosimilars, complex products and complex injectables, including preparing for the launch of Semglee® as the first interchangeable biosimilar in the U.S.

### Integration and Restructuring

- Workforce actions related to the Company's previously announced global restructuring program continue.
- The Company remains on track to achieve approximately \$500 million of synergies this year and to achieve at least \$1 billion of synergies by 2023.

### Capital Allocation

- Viatris paid quarterly cash dividends of eleven cents (\$0.11) per share on the Company's issued and outstanding common stock on June 16, 2021 and September 16, 2021. On November 5, 2021, the Company's Board of Directors declared a quarterly cash dividend of \$0.11 per share on the Company's issued and outstanding common stock, which will be payable on December 16, 2021 to shareholders of record as of the close of business on November 23, 2021.
- For the nine months ended September 30, 2021, the Company has repaid approximately \$1.9 billion of debt, and remains on track to repay \$6.5 billion of debt by 2023, and remains fully committed to maintaining its investment grade credit rating.

### COVID-19 Response

- The Company continues to support the health and safety of colleagues and their families around the world as a top priority.
- Viatris continues to supply antiviral medicines, including remdesivir and ambisome, and continues to work with government authorities related to product usage.
- Viatris has a broad, diverse and resilient global manufacturing and supply chain footprint. The Company is not dependent on any one country or site. Even in India, the Company's manufacturing footprint is spread over five different states, which mitigates the risk of disruption in any given part of the country.

## Updated 2021 Financial Guidance

As a result of the underlying strength of the business, Viatris is raising its financial guidance for 2021 as set forth below. The Company is not providing forward-looking guidance for U.S. GAAP net earnings (loss) or a quantitative reconciliation of its 2021 adjusted EBITDA guidance to the most directly comparable U.S. GAAP measure, U.S. GAAP net earnings (loss), because it is unable to predict with reasonable certainty the ultimate outcome of certain significant items, including integration and acquisition-related expenses, restructuring expenses, asset impairments, litigation settlements and other contingencies, such as changes to contingent consideration and certain other gains or losses, as well as related income tax accounting, because certain of these items have not occurred, are out of the Company's control and/or cannot be reasonably predicted without unreasonable effort. These items are uncertain, depend on various factors, and could have a material impact on U.S. GAAP reported results for the guidance period. U.S. GAAP net cash provided by operating activities for 2021 is estimated to be between \$2.90 billion and \$3.10 billion, with a midpoint of approximately \$3.00 billion.

## Updated 2021 Financial Guidance

<i>(In billions)</i>	Updated Guidance		Previous Guidance <sup>(2)</sup>	
	Range	Midpoint	Range	Midpoint
Total Revenues	\$17.7 - \$17.9	\$17.8	\$17.5 - \$17.9	\$17.7
Adjusted EBITDA <sup>(1)</sup>	\$6.3 - \$6.5	\$6.4	\$6.15 - \$6.45	\$6.3
Free Cash Flow <sup>(1)</sup>	\$2.4 - \$2.6	\$2.5	\$2.2 - \$2.4	\$2.3

<sup>(1)</sup> Non-GAAP financial measures. See "Non-GAAP Financial Measures" for additional information.

<sup>(2)</sup> Previous guidance provided on August 9, 2021.

## Conference Call and Earnings Materials

Viатris Inc. will host a conference call and live webcast, today at 10:00 a.m. ET, to review the Company's financial results for the third quarter ended September 30, 2021. Investors and the general public are invited to listen to a live webcast of the call at [investor.viatris.com](http://investor.viatris.com) or by calling 866.342.8591 or 203.518.9713 for international callers (ID#: VTRSQ321). The "Viатris Q3 Earnings Presentation", which will be referenced during the call, can be found at [investor.viatris.com](http://investor.viatris.com). A replay of the webcast also will be available on the website.

## Certain Key Terms

The combined measures described herein are calculated as indicated, are reflected as approximations and/or with rounding, and do not reflect pro forma results in accordance with ASC 805 or Article 11 of Regulation S-X. Such measures also do not reflect the effect of any purchase accounting adjustments, including but not limited to the elimination of intercompany sales and the fair value of assets and liabilities. Viатris believes these combined 2020 measures provide useful information to understanding and assessing our 2021 performance because they include both Mylan and Upjohn business results, adjusted as set forth below, whereas historical financial information of Viатris prior to November 16, 2020 only represents Mylan's historical results as Mylan is considered the accounting acquiror of the Upjohn business.

Combined Adjusted Q3 and YTD 2020 results refer to the sum of Mylan's standalone results and the standalone carve-out results from the Upjohn Business for the 2020 period presented, adjusted for product divestitures in connection with the Combination and sales to Pfizer for pharmaceutical products provided under its U.S. healthcare plan.

Combined LOE Adjusted Q3 and YTD 2020 results refer to Combined Adjusted Q3 and YTD 2020 results, adjusted for the impact of loss of exclusivity ("LOE") of Lyrica and Celebrex in Japan which occurred after Q3 2020.

New product sales, new product launches or new product revenues refer to revenue from new products launched in 2021 and the carryover impact of new products, including business development, launched within the last twelve months (e.g., acquisition of Aspen's thrombosis business in November 2020).

Operational change refers to constant currency percentage change and is derived by translating net sales or revenues for the current periods presented at prior year comparative period exchange rates, and in doing so shows the percentage change from 2021 constant currency net sales or revenues to the corresponding amount in the prior year.

## **Non-GAAP Financial Measures**

This press release includes the presentation and discussion of certain financial information that differs from what is reported under accounting principles generally accepted in the United States ("U.S. GAAP"). These non-GAAP financial measures, including, but not limited to, adjusted gross profit, adjusted gross margins, adjusted net earnings, EBITDA, adjusted EBITDA, free cash flow, adjusted R&D and as a % of total revenues, adjusted SG&A and as a % of total revenues, adjusted earnings from operations, adjusted interest expense, adjusted other (income) expense, adjusted effective tax rate, constant currency total revenues and constant currency net sales are presented in order to supplement investors' and other readers' understanding and assessment of the financial performance of Viatris Inc. ("Viатris" or the "Company"). Free cash flow refers to U.S. GAAP net cash provided by operating activities, less capital expenditures. Management uses these measures internally for forecasting, budgeting, measuring its operating performance, and incentive-based awards. Primarily due to acquisitions and other significant events which may impact comparability of our periodic operating results, Viatris believes that an evaluation of its ongoing operations (and comparisons of its current operations with historical and future operations) would be difficult if the disclosure of its financial results was limited to financial measures prepared only in accordance with U.S. GAAP. We believe that non-GAAP financial measures are useful supplemental information for our investors and when considered together with our U.S. GAAP financial measures and the reconciliation to the most directly comparable U.S. GAAP financial measure, provide a more complete understanding of the factors and trends affecting our operations. The financial performance of the Company is measured by senior management, in part, using adjusted metrics included herein, along with other performance metrics. In addition, the Company believes that including EBITDA and supplemental adjustments applied in presenting adjusted EBITDA is appropriate to provide additional information to investors to demonstrate the Company's ability to comply with financial debt covenants and assess the Company's ability to incur additional indebtedness. The Company also believes that adjusted EBITDA better focuses management on the Company's underlying operational results and true business performance and, is used, in part, for management's incentive compensation. We also report sales performance using the non-GAAP financial measures of "constant currency", also referred to herein as "operational change", total revenues and net sales. These measures provide information on the change in total revenues and net sales assuming that foreign currency exchange rates had not changed between the prior and current period. The comparisons presented at constant currency rates reflect comparative local currency sales at the prior year's foreign exchange rates. We routinely evaluate our net sales and total revenues performance at constant currency so that sales results can be viewed without the impact of foreign currency exchange rates, thereby facilitating a period-to-period comparison of our operational activities and believe that this presentation also provides useful information to investors for the same reason. The "Summary of Total Revenues by Segment" table below compares net sales on an actual and constant currency basis for each reportable segment for the three and nine months ended September 30, 2021 and 2020 as well as for total revenues. Also, set forth below, Viatris has provided reconciliations of such non-GAAP financial measures to the most directly comparable U.S. GAAP financial measures. Investors and other readers are encouraged to review the related U.S. GAAP financial measures and the reconciliations of the non-GAAP measures to their most directly comparable U.S. GAAP measures set forth below, and investors and other readers should consider non-GAAP measures only as supplements to, not as substitutes for or as superior measures to, the measures of financial performance prepared in accordance with U.S. GAAP. For additional information regarding the components and uses of Non-GAAP financial measures refer to Management's Discussion and Analysis of Financial Condition and Results of Operations--Use of Non-GAAP Financial Measures section of Viatris' Quarterly Report on Form 10-Q for the three and nine months ended September 30, 2021.

## About Viatris

Viatris Inc. (NASDAQ: VTRS) is a new kind of healthcare company, empowering people worldwide to live healthier at every stage of life. We provide access to medicines, advance sustainable operations, develop innovative solutions and leverage our collective expertise to connect more people to more products and services through our one-of-a-kind Global Healthcare Gateway®. Formed in November 2020, Viatris brings together scientific, manufacturing and distribution expertise with proven regulatory, medical and commercial capabilities to deliver high-quality medicines to patients in more than 165 countries and territories. Viatris' portfolio comprises more than 1,400 approved molecules across a wide range of therapeutic areas, spanning both non-communicable and infectious diseases, including globally recognized brands, complex generic and branded medicines, a growing portfolio of biosimilars and a variety of over-the-counter consumer products. With a global workforce of over 38,000, Viatris is headquartered in the U.S., with global centers in Pittsburgh, Shanghai and Hyderabad, India. ## Forward-looking Statements

This release contains “forward-looking statements”. These statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements may include, without limitation, 2021 guidance; quarterly dividend of eleven cents (\$0.11) for each issued and outstanding share of the company’s common stock payable on December 16, 2021 to shareholders of record at the close of business on November 23, 2021; our continued strong operational performance for three consecutive quarters has allowed us to continue to deliver on our financial commitments and, based on the strength of our results, we are again raising our full-year financial guidance for 2021; we are near completion of a rigorous bottoms-up strategic planning effort and look forward to sharing these plans with the investment community at a virtual Investor Event now scheduled for the morning of January 7, 2022; that on that day we will provide additional detail on our two-phased strategic roadmap; for the rest of phase one, that’s 2022 and 2023, we will be providing specific financial guidance, targets and metrics to complete this phase; we will also be discussing the substantial cash flows that will be generated over this period in order to satisfy our Phase 1 capital allocation priorities of returning capital to shareholders and of repaying \$6.5 billion of debt; for phase two, 2024 and beyond, we will be providing an overview of the catalysts that we expect will drive future growth including laying out our capital allocation priorities for this phase in order to maximize and further unlock shareholder value during this period; we will also be giving specific details of our own organic opportunities by discussing our own pipeline at length and will be providing the inorganic business development priorities that we will be focusing on through our Global Healthcare Gateway®; that we are excited to host our upcoming Investor Event and provide a comprehensive review of the significant value and depth of our own pipeline and clinical programs, including biosimilars, complex generics and novel medicines that we have been building strategically over many years; once laid out, we believe it will be recognized as one of Viatris’ most underappreciated assets, which we expect will enable us to continue to deliver value, especially after synergies roll off at the end of 2023, while continuing to bring access and address patient needs; we continue to deliver on our

financial commitments, including our ability to generate substantial cash flows; during the quarter, we generated \$965 million of free cash flow, driven by strong underlying business performance and cash flow optimization initiatives, which we believe will not only benefit us in 2022 and beyond, but also create an even stronger balance sheet providing more financial flexibility as we move forward; the Company is on track to meet approximately \$690 million in new product revenues in 2021; that there was continued solid progress in advancing key pipeline programs for biosimilars, complex products and complex injectables, including preparing for the launch of Semglee® as the first interchangeable biosimilar in the U.S.; workforce actions related to the Company's previously announced global restructuring program continue; the Company remains on track to achieve approximately \$500 million of synergies this year and to achieve at least \$1 billion of synergies by 2023; for the nine months ended September 30, 2021, the Company has repaid approximately \$1.9 billion of debt, and remains on-track to repay \$6.5 billion of debt by 2023, and remains fully committed to maintaining its investment grade credit rating; Viatriis continues to supply antiviral medicines, including remdesivir and ambisome, and continues to work with government authorities related to product usage; Viatriis has a broad, diverse and resilient global manufacturing and supply chain footprint; the Company is not dependent on any one country or site; even in India, the Company's manufacturing footprint is spread over five different states, which mitigates the risk of disruption in any given part of the country; and statements about the transaction pursuant to which Mylan N.V. ("Mylan") combined with Pfizer Inc.'s Upjohn business (the "Upjohn Business") in a Reverse Morris Trust transaction (the "Combination") and Upjohn Inc. became the parent entity of the combined Upjohn Business and Mylan business and was renamed "Viatriis Inc.", the benefits and synergies of the Combination or our global restructuring program, future opportunities for the Company and its products and any other statements regarding the Company's future operations, financial or operating results, capital allocation, dividend policy and payments, debt ratio and covenants, anticipated business levels, future earnings, planned activities, anticipated growth, market opportunities, strategies, competitions, commitments, confidence in future results, efforts to create, enhance or otherwise unlock the value of our unique global platform, and other expectations and targets for future periods. Forward-looking statements may often be identified by the use of words such as "will", "may", "could", "should", "would", "project", "believe", "anticipate", "expect", "plan", "estimate", "forecast", "potential", "pipeline", "intend", "continue", "target", "seek" and variations of these words or comparable words. Because forward-looking statements inherently involve risks and uncertainties, actual future results may differ materially from those expressed or implied by such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to: the integration of Mylan and the Upjohn Business or the implementation of the Company's global restructuring program being more difficult, time consuming or costly than expected; the possibility that the Company may be unable to achieve expected benefits, synergies and operating efficiencies in connection with the Combination or its global restructuring program within the expected timeframe or at all; the possibility that the Company may be unable to successfully integrate Mylan and the Upjohn Business or implement its global restructuring program; operational or financial difficulties or losses associated with the Company's reliance on agreements with Pfizer in connection with the Combination, including with respect to transition services; the possibility that the Company may be unable to achieve all intended benefits of its strategic initiatives; the potential impact of public health outbreaks, epidemics and pandemics, including the ongoing challenges and uncertainties posed by the COVID-19 pandemic; the Company's failure to achieve expected or targeted future financial and operating performance and results; actions and decisions of healthcare and pharmaceutical regulators; changes in relevant laws and regulations, including but not limited to changes in tax, healthcare and pharmaceutical laws and regulations globally (including the impact of potential tax reform in the U.S.); the ability to attract and retain key personnel; the Company's liquidity, capital resources and ability to obtain financing; any regulatory, legal or other impediments to the Company's ability to bring new products to market, including but not limited to "at-risk launches"; success of clinical trials and the Company's or its partners' ability to execute on new product opportunities and develop, manufacture and commercialize products; any changes in or difficulties with the Company's manufacturing facilities, including with respect to inspections, remediation and restructuring activities, supply chain or inventory or the ability to meet anticipated demand; the scope, timing and outcome of any ongoing legal proceedings, including government inquiries or investigations, and the impact of any such proceedings on the Company; any significant breach of data security or data privacy or disruptions to our information technology systems; risks associated with having significant operations globally; the ability to protect intellectual property and preserve intellectual property rights; changes in third-party relationships; the effect of any changes in the Company's or its partners' customer and supplier relationships and customer purchasing patterns, including customer loss and business disruption being greater than expected following the Combination; the impacts of competition, including decreases in sales or revenues as a result of the loss of market exclusivity for certain products; changes in the economic and financial conditions of the Company or its partners; uncertainties regarding future demand, pricing and reimbursement for the Company's products; uncertainties and matters beyond the control of management, including but not limited to general political and economic conditions and global exchange rates; and inherent uncertainties involved in the estimates and judgments used in the preparation of financial statements, and the providing of estimates of financial measures, in accordance with U.S. GAAP and related standards or on an adjusted basis. **Viатris Inc. and Subsidiaries**  
**Reconciliation of Non-GAAP Financial Measures**  
(Unaudited)

**Reconciliation of U.S. GAAP Net Earnings (Loss) to Adjusted Net Earnings**

Below is a reconciliation of U.S. GAAP net earnings (loss) to adjusted net earnings for the three and nine months ended September 30, 2021 compared to the prior year period:

<i>(In millions)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2021	2020	2021	2020
U.S. GAAP net earnings (loss)	\$ 311.5	\$ 185.7	\$ (1,005.3)	\$ 245.9
Purchase accounting related amortization (primarily included in cost of sales) <sup>(a)</sup>	919.9	368.5	3,344.7	1,072.5
Litigation settlements and other contingencies, net	9.4	18.9	55.3	36.5
Interest expense (primarily amortization of premiums and discounts on long term debt)	(13.6)	5.3	(40.3)	16.6
Clean energy investments pre-tax loss	17.6	2.9	52.2	37.4
Acquisition related costs (primarily included in SG&A) <sup>(b)</sup>	41.5	72.3	149.7	218.2
Restructuring related costs <sup>(c)</sup>	169.8	14.5	741.6	47.0
Share-based compensation expense	25.0	15.1	88.7	49.8
Other special items included in:				
Cost of sales <sup>(d)</sup>	72.7	83.6	257.1	299.3
Research and development expense <sup>(e)</sup>	3.7	3.7	12.1	45.8
Selling, general and administrative expense	9.9	7.5	39.4	12.9
Other expense, net	(2.3)	—	(2.3)	(16.4)
Tax effect of the above items and other income tax related items <sup>(f)</sup>	(366.0)	(98.3)	(196.8)	(344.3)
Adjusted net earnings	\$ 1,199.1	\$ 679.7	\$ 3,496.1	\$ 1,721.2

Significant items include the following:

- <sup>(a)</sup> For the three and nine months ended September 30, 2021, includes amortization of the purchase accounting inventory fair value adjustment related to the Combination totaling approximately \$238.5 million and \$1.19 billion, respectively.
- <sup>(b)</sup> Acquisition related costs consist primarily of transaction costs including legal and consulting fees and integration activities.
- <sup>(c)</sup> For the three months ended September 30, 2021, charges of approximately \$151.3 million are included in cost of sales, approximately \$(4.7) million are included in R&D, and approximately \$23.1 million are included in SG&A. For the nine months ended September 30, 2021, charges of approximately \$399.5 million are included in cost of sales, approximately \$11.9 million are included in R&D, and approximately \$330.1 million are included in SG&A.
- <sup>(d)</sup> Costs incurred during the three and nine months ended September 30, 2021 include incremental manufacturing variances and site remediation activities as a result of the activities at the Company's Morgantown plant of approximately \$18.2 million and \$107.3 million, respectively, and at other plants in the 2020 restructuring program of approximately \$41.0 million and \$103.6 million, respectively. Costs incurred during the three and nine months ended September 30, 2020 include incremental manufacturing variances and site remediation activities as a result of the activities at the Company's Morgantown plant of approximately \$57.8 million and \$179.6 million, respectively. In addition, the three and nine months ended September 30, 2020 includes incremental manufacturing variances incurred as a result of the COVID-19 pandemic of approximately \$8.0 million and \$32.0 million, respectively. Also, the nine months ended September 30, 2020 includes \$27.0 million related to a special bonus for plant employees as a result of the COVID-19 pandemic.
- <sup>(e)</sup> Adjustments primarily relate to non-refundable payments related to development agreements.
- <sup>(f)</sup> Adjusted for changes for uncertain tax positions and for certain impacts of the Combination.

### Reconciliation of U.S. GAAP Net Earnings (Loss) to EBITDA and Adjusted EBITDA

Below is a reconciliation of U.S. GAAP net earnings (loss) to EBITDA and adjusted EBITDA for the three and nine months ended September 30, 2021 compared to the prior year period:

(In millions)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2021	2020	2021	2020
U.S. GAAP net earnings (loss)	\$ 311.5	\$ 185.7	\$ (1,005.3)	\$ 245.9
Add adjustments:				
Net contribution attributable to equity method investments	17.6	2.9	52.2	37.4
Income tax (benefit) provision	(111.6)	55.9	544.8	46.4
Interest expense <sup>(a)</sup>	151.9	117.3	488.0	353.4
Depreciation and amortization <sup>(b)</sup>	1,017.1	432.3	3,756.7	1,263.0
EBITDA	\$ 1,386.5	\$ 794.1	\$ 3,836.4	\$ 1,946.1
Add adjustments:				
Share-based compensation expense	25.0	15.1	88.7	49.8
Litigation settlements and other contingencies, net	9.4	18.9	55.3	36.5
Restructuring, acquisition related and other special items <sup>(c)</sup>	277.4	181.6	1,029.9	606.6
Adjusted EBITDA	\$ 1,698.3	\$ 1,009.7	\$ 5,010.3	\$ 2,639.0

<sup>(a)</sup> Includes amortization of premiums and discounts on long-term debt.

<sup>(b)</sup> Includes purchase accounting related amortization.

<sup>(c)</sup> See items detailed in the Reconciliation of U.S. GAAP Net Earnings (Loss) to Adjusted Net Earnings.
