Form 10-Q for the quarterly period ended March 31, 2022

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations  
Results of Operations  
Total Revenues, page 48

1. You disclose that the decrease in total revenues and net sales was primarily driven by a decrease of approximately \$169.7 million in net sales from existing products as a result of lower pricing and volumes. Please provide us with proposed disclosure to be included in future periodic reports that quantifies the impact of price and volume separately. Alternatively, we note in your first quarter 2022 earnings presentation that you quantify the decrease in net sales due to competition on key US products and other base business erosion separately.

Please refer to Item 303(a)(3)(iii) of Regulation S-K.
